

MEET SOME UNI-LINKERS

Jennifer & Katherine

// HND Legal Services // BA/BA (Hons) Law & Management

Introduction

KM Hi, I'm Katherine Murdoch

JM Hi, I'm Jennifer May

Together And we're studying Law and Management at RGU.

Talking About The Aberdeen College Graduation Ceremony

JM Now that I've graduated it seems like the two years were really worthwhile. A lot of my friends are going to Uni like me, so that's always a good thing. I won't feel so lonely. [laughs]

KM It's quite an emotional experience. I think I'm excited but more nervous that I'll probably fall flat on my face. [laughs]

I'm looking forward to afterwards – we're going to the pub. [laughs]

Talking About Their Uni-link Experience

JM I did a two year HND course at Aberdeen College – this was a Uni-link course.

KM I'm in third year of a law management degree at the moment. But after this year, I'm looking to go into second year of my LLB. That will then be four years of study and hopefully I will then be a qualified solicitor.

JM I found the change between College and University to be less of a challenge than I expected. I thought it would be very difficult and huge leap. It worked out well and I seem to be getting on quite well with all my subjects at university.

I think if I'd come straight from school, I would have struggled quite a bit more because I didn't have that knowledge that I've gained through going to College. My confidence has built up a lot during my time at College, I'm not as small and timid as I once was.

At Aberdeen College, you're not thrown in at the deep end – you've always got a support network from your lecturers and your friends. I really enjoyed my time at College.

KM When I first thought of going to College I thought "oh no, it's going to be horrible, I'm not going to manage this and fall at the first hurdle". As I found out, going to College is not scary at all. In fact, I loved College and I would go back.
